

17% RABBIT GROW/LACTATION

PRODUCT CODE: 160 (50#), 161 (25#), 162 (10#)

FEED TYPE: Pelleted

NON-MEDICATED

FEATURES & BENEFITS

- Designed to be fed as a starter and grower feed to kits and as a lactating feed to does.
- **All-natural:** Contains no animal byproducts or antibiotics. Contains Yucca extract to reduce ammonia levels in your rabbitry.
- **Fixed formulations:** Our formulas use only carefully-selected premium ingredients that provide the best nutritional value.
- **Expertly Formulated:** A team of experienced nutritionists create balanced formulas to meet all the nutritional needs of your rabbits.
- **Health & Productivity:** 17% Rabbit Grow/Lactation is designed to balance trace mineral and vitamin levels to ensure optimal nutrition and performance.

FEEDING DIRECTIONS

Offer Walnut Hill 17% Rabbit Pellets free choice to both young and adult rabbits in a feeder or clean bowl. Place enough feed in the feeder that they will consume most of their feed at night. Breeding rabbits may have to be limit fed to maintain their ideal body weight for top reproductive performance. Rabbits will consume approximately 1 ounce of feed per pound of body weight per day or approximately 6% of body weight daily. Maintain a clean, fresh supply of water available to the animals at all times. Salt or hay are not required, but may be supplemented if desired.
