

CHICK START 20 PLAIN

PRODUCT CODE: 292

FEED TYPE: Crumbles

NON-MEDICATED

FEATURES & BENEFITS

- Complete, balanced, high-energy diet designed to help chicks get off to a fast, healthy start. Promotes feather development.
- **Fixed formulations:** Our formulas use only carefully-selected premium ingredients that provide the best nutritional value.
- **Expertly Formulated:** A team of experienced nutritionists create balanced formulas to meet all the nutritional needs of your poultry.
- **Health & Productivity:** Chick Start 20 Plain is designed to balance amino acids along with protein, fat, fiber, and vitamin levels to ensure optimal nutrition and a strong, healthy start.

FEEDING DIRECTIONS

Broiler Chicks: Feed Walnut Hill Chick Start 20% as the sole ration to newly hatched broiler chicks for the first 4 weeks, at which time they should be switched to Walnut Hill 20% Chick Grower. **Pullets:** Feed Walnut Hill Chick Start 20% as the sole ration to newly hatched pullets for the first 4-6 weeks at which time they can be switched to Walnut Hill 20% Chick Grower. Maintain a fresh, clean supply of water at all times.
