

PELLETED 12:3 HORSE FEED

PRODUCT CODE: 435

FEED TYPE: Pelleted

FEATURES & BENEFITS

- High-quality pelleted alternative to grain mixes. Great choice for horses with poor teeth.
- **Pelleted:** Reduced sorting and fewer flies.
- **Fixed formulations:** Our formulas use only carefully-selected premium ingredients that provide the best nutritional value.
- **Expertly Formulated:** A team of experienced nutritionists create balanced formulas to meet all the nutritional needs of your horse.
- **Health & Productivity:** Pelleted 12:3 Horse Feed is designed to balance protein, fat, fiber, and vitamin levels to ensure optimal nutrition for mature horses in light to medium work.

FEEDING DIRECTIONS

Feed to horses of all ages with roughage, Feed 0.5 to 1.75 pounds of feed per 100 pounds body weight depending on horse age, condition, performance level, and reproductive status. A good maintenance program is 5 pounds per day. Provide high quality hay or pasture, clean fresh water, and salt or a horse mineral supplement free-choice. It is recommended that feed changes be made gradually.

WARNING: This feeds contains supplemental copper. Do not feed to sheep.

WARNING: Follow label directions. Feeding selenium at levels in excess of 0.3 ppm in the total diet is prohibited.
