- **Expertly Formulated:** A team of experienced nutritionists create balanced formulas to meet all the nutritional needs of your cows.
- **Health & Productivity:** 15:3 Dairy Balancer Pack is designed to balance major and micro mineral, trace mineral and vitamin levels to ensure optimal nutrition and performance.

## FEEDING DIRECTIONS

This supplement has been designed for high producing lactating dairy cows. It contains all major and minor minerals, hi-bio available trace minerals, additional rumen buffers, vitamins, and yeast cultures. 15:3 Dairy Balancer Pack is designed to be fed at a rate of 1 pound per head per day. We recommend that a qualified dairy consultant balances the ration using your feed ingredients available on your farm. Do not exceed the maximum selenium levels in the total diet dry matter of (.3ppm)

## GUARANTEED ANALYSIS
