

HEIFER 570-R MINERAL

PRODUCT CODE: 570-R

FEED TYPE: Mineral

MEDICATED - RUMENSIN

1,260 g/ton. For prevention and control of coccidiosis due to *Eimeria bovis* and *Eimeria zuernii*.

FEATURES & BENEFITS

- **Vitamin and mineral supplement** for growing replacement heifers. Can also be used for feeder cattle.
- **Fixed formulations:** Our formulas use only carefully-selected premium ingredients that provide the best nutritional value.
- **Expertly Formulated:** A team of experienced nutritionists create balanced formulas to meet all the nutritional needs of your cows.
- **Health & Productivity:** Heifer 570-R is designed to balance trace mineral and vitamin levels to ensure optimal nutrition and performance.

FEEDING DIRECTIONS

Thoroughly mix 0.16 to 0.33 pound of Walnut Hill Heifer Base - B570 into at least one pound of grain and/ or roughage to provide 0.14 - 0.42 mg/lb. of monensin per pound of bodyweight per day up to 200 mg/head/day depending on the severity of the challenge. During the first 5 days of feeding, cattle should receive no more than 100 mg per day.

Amount of 570R per head	Amount of Monensin Per Head
0.16 lb	100mg
0.25 lb	155mg
0.30 lb	180mg
0.33 lb	200mg

Walnut Hill Heifer Base-570R contains adequate salt. No additional salt needs to be mixed in the ration. However, free-choice salt may be provided. When fed as directed, no other vitamin or mineral supplement is required. Mix entire bag at one time or keep tightly closed to avoid caking.

CAUTION: Do not allow horses or other equines access to formulations containing Monensin. Ingestion of Monensin by equines has been fatal. Feeding undiluted or mixing errors resulting in high concentrations of Monensin could be fatal to cattle. Must be thoroughly mixed in feeds before use; do not feed undiluted.

WARNING: A withdrawal time has not been established for pre-ruminating calves. Do not use in calves to be processed for veal.

CAUTION: Follow label directions. The addition of feed of higher levels of this premix containing selenium is not permitted.

GUARANTEED ANALYSIS

Calcium,.....	Min..19.6%.....	Max..23.5%
Phosphorus, Minimum.....		1.8%
Salt (NaCl),.....	Min..13.6%.....	Max..16.3%
