

# GLENGARY CAMELID MINERALS

PRODUCT CODE: 638

FEED TYPE: Mineral

NON-MEDICATED

## FEATURES & BENEFITS

- Complete pelleted feed to meet the nutritional needs of growing, finishing, and breeding alpacas and llamas. Works as a great all-purpose feed for a herd of varying ages.
- **Fixed formulations:** Our formulas use only carefully-selected premium ingredients that provide the best nutritional value.
- **Expertly Formulated:** A team of experienced nutritionists create balanced formulas to meet all the nutritional needs of your alpacas and llamas.
- **Health & Productivity:** Glengary Camelid Mineral is designed to balance mineral and vitamin levels to ensure optimal nutrition and performance.
- Developed in conjunction with Glengary Farm Alpacas, a well-recognized alpaca breeder.

## FEEDING DIRECTIONS

Feed Glengary Camelid Mineral to alpacas and llamas at the rate of 1/2 oz/hd/day mixed with grain and forage. Clean, fresh water also needs to be available. This product is designed to supplement a well-balanced grain and forage program.

**WARNING:** This feeds contains supplemental copper. Do not feed to sheep.
