

DUTCH COUNTRY FOAL STARTER 16:8

PRODUCT CODE: 439

FEED TYPE: Textured

FEATURES & BENEFITS

- Higher-energy blend of heavy northern re-cleaned oats, cracked corn, roasted soybeans, and a protein pellet, with a coating of vegetable oil.
- **Designed** to meet the unique needs of growing foals. This feed can also be used for pregnant and lactating mares.
- **Fixed formulations:** Our formulas use only carefully-selected premium ingredients that provide the best nutritional value.
- **Expertly Formulated:** A team of experienced nutritionists create balanced formulas to meet all the nutritional needs of your horse.
- **Health & Productivity:** Dutch Country Foal Starter 16:8 is designed to balance protein, fat, fiber, and vitamin levels to ensure optimal nutrition for foals, growing horses, and pregnant and lactating broodmares.

FEEDING DIRECTIONS

Feed to growing horses at a rate of 1 pound per 100 pounds of body weight per head per day along with a minimum of 1.5% of the horse's bodyweight daily in the form of forage, hay or pasture. Offer grain at least twice daily, feeding no more than 5 pounds per feeding. Feed pregnant or lactating broodmares at a rate of 0.5 pounds per 100 pounds of bodyweight per head per day. Feed at least 1.5% - 2% of the horses body weight in good quality forage per day. The amount fed can be adjusted depending on individual horse body condition and the amount and quality of forage being fed. Make all feeding changes gradually over a period of 1 to 2 weeks. Fresh, clean water and white salt should be available free-choice.

WARNING: This feeds contains supplemental copper. Do not feed to sheep.

WARNING: Follow label directions. Feeding selenium at levels in excess of 0.3 ppm in the total diet is prohibited.
